

Letter of intent

Mr. President of Colegiul Psihologilor din Romania

I am writing to you this Letter of Intent in response to your announcement for the post of delegate to the EFPA committees.

Taking into account my professional representative both in Romania and in Italy I consider that I can represent the College of Psychologists from Romania as SC on Psychology and Health.

I am a dynamic, empathetic person with very good communication skills and interaction with the people around me, acquired in my responsible, determined, professional experience as a trainer assistant, interested in professional development in the field of human resources. I would like to have the chance to be a member of the EFPA team as a CPR member where I could show my intellectual capabilities and experience (according to the attached CV) to fulfill the tasks and goals of the psychology profession as well as career development my.

If you consider that my motivation and qualification is appropriate to get this position to represent the College of Psychologists in Romania within the Efpa Organization, I am available at any time to be contacted to discuss the details.

Thank you!

Psych. Elena Gabriela Valcu
